TRADE PRICE LIST

**Of Choice Young Nursery-Grown Ornamental
Trees, Vines, Perennial Plants and Bulbs
Fruit Trees and Small Fruits**

**ATLANTIC NURSERY CO.
INCORPORATED**

BERLIN, MARYLAND.

ANNOUNCEMENT TO THE TRADE,—

We take pleasure in handing you this list. In it you will find attractive prices for carefully grown and strictly first-class stock that cannot fail to please. We have the soil, climate and experience to grow trees and bulbs to perfection.

You like good stock and good treatment; everyone does; we pride ourselves on our stock and service. We appreciate your patronage, and want you to know it. We want you to come again. That's why we guarantee you entire satisfaction.

Our seedling orders are filled direct from the ground—**No Cellared or Stored Stock.** You get your plants and trees fresh and alive. This means much to you. Think it over before buying from abroad. Early orders will please us, and you may rest assured we will do our best to please you.

Prices in this list abrogate previous quotations, and are subject to change without notice.

Prices in this list are for the trade only and are subject to the stock being unsold when order is received. Orders are subject to loss by frost, hail or any other cause over which I have no control. Prices include careful packing in the best manner. Boxes and barrels at cost. 250 of a kind at the thousand rate. Special prices on large quantities. Send us your list of wants and we will gladly price them.

In No Case will we be responsible for goods after consignment to purchaser and delivery to forwarding agent. When losses occur by delay or other cause, of whatever nature, while goods are at terminals or in transit, make claim at once on forwarding companies.

A CLEAN BILL OF HEALTH from the State Entomologist accompanies all orders. The greatest care is exercised to have and keep everything true-to-name and as represented. We will replace all that prove otherwise, or refund money paid for same. But in no case shall we be liable for a greater sum than originally paid.

TERMS—Cash, or satisfactory reference from unknown parties.

Visitors are always welcome and we will be pleased to show you our stock and our country and make your trip both pleasant and profitable to you, as well as to ourselves.

Besides the stock mentioned in this list we are in a favorable position to supply dealers with a full line of Fruit and Ornamental stock, and will be pleased to receive your want list. We also have a good many items in small quantities not mentioned in our list. Prices subject to correspondence.

SPECIAL ATTENTION

We are decidedly human—we have the same hopes and ambitions, the same joys and sorrows as others, and our full share of regrets and disappointments. Our greatest regret at present, is that the conditions still prevailing abroad are causing our people to withhold the planting of stock, (especially ornamental) that there will **SURELY** be a great demand for for years to come. There are innumerable items in our stock which will find a ready sale and return you a substantial profit in handling.

We value your good opinion, esteem your orders, and assure you we are ever ready to make good a mistake and uphold our obligations. Our policy is broad and liberal, and we guarantee for every dollar to make an equal return in value.

Your Special Attention is called to the fact that we want **Your Trade.** We have taken extra care to grow stock that will please you and we know we have it. That's what we are here for — to supply you with stock grown right here at home, taken up when you want it, (no storage,) carefully packed to reach you in splendid growing condition. No delay. No war, ocean or other risks to run. We expect to do all in our power to **Push American Grown Planting Stock to the Top.** We want you to help us. Now is the time.
